Chronology

On May 28, 1999, Bell Atlantic Corporation and GTE Corporation filed a Joint Petition before the Virginia State Corporation Commission ("SCC") for Approval of Agreement and Plan of Merger. In that petition, both companies agreed, upon consummation of their merger, to expand local calling areas to include **contiguous** exchanges both within and **between** their respective territories in the Commonwealth of Virginia. The SCC, in its "Order Approving Petition" dated November 29, 1999, in Case No. PUC990100, found this commitment to be appropriate and ordered Bell Atlantic - Virginia, Inc. and GTE South Incorporated to file their plan for expansion of their local calling areas. These plans were filed with the SCC on July 21, 2000, in a Joint Application to expand local calling (Case No. PUC000204). Both companies have been implementing expanded local calling in phases since that joint application was filed. On November 2, 2001 Verizon Virginia (f/k/a Bell Atlantic - Virginia, Inc.) and Verizon South (f/k/a GTE South Incorporated) filed an Application to implement expanded local calling between those adjacent exchanges that are in different LATA's. For those exchanges whose basic rates increase, the SCC ordered the companies to provide notice to customers via direct mail. Exchanges whose rates did not change did not receive a public notice. On May 3, 2002, the SCC issued an order approving ELCS for all interLATA routes in this application including the route between Chancellor and Stafford.

(9) Community of Interest Statement

Clover is a rural exchange located in Halifax and Charlotte Counties in south central Virginia in the Lynchburg, Virginia LATA and serves approximately 2,400 customers. Charlotte Court House is a rural exchange serving a portion of Charlotte County with approximately 1,600 access lines. Charlotte Court House is located in the Richmond, Virginia LATA. Community of interest is primarily between the Charlotte County portion of the Clover exchange and exchanges in Charlotte County including Charlotte Court House. Specific community of interest needs include education, government, and commercial. There are no Charlotte County schools in the Clover exchange. Charlotte County's only middle and high schools are located in the Charlotte Court House exchange. ELCS would eliminate toll charges and facilitate communications between parents, teachers and students. Charlotte Court House is the county seat for Charlotte County. Today, calls between the government offices/courts and Clover are toll. ELCS would greatly facilitate calling between the county government and its citizens. During the public notice period for ELCS, the State Corporation Commission received a resolution from Charlotte County Board of Supervisors requesting ELCS. Also, a petition from over 700 customers was received in support of ELCS. Charlotte Court House offers numerous retail shops, commercial services and professional services for residents of the county including those living in the Clover exchange. ELCS would also enhance communications along the border between the exchanges including the communities of Chandlers Fork, Reese Shop and Harrisburg.

Fredericksburg is an exchange located in north central Virginia in the Culpeper, Virginia LATA and **serves** approximately 64,000 customers in the City of Fredericksburg and the Counties of Spotsylvania, Stafford and Caroline. The Colonial Beach exchange, ~~located to~~ **the east** of the Fredericksburg exchange, serves a portion of Westmoreland County and is in the Richmond, Virginia LATA with approximately 4,700 customers. Community of interest is primarily **from** the Colonial Beach exchange to the Fredericksburg exchange with interests toward education, medical, employment, commercial, and transportation. Colonial Beach customers would also be able to reach institutions of higher learning in Fredericksburg such **as** Mary Washington College and Germanna Community College on a local basis. Colonial Beach customers are dependent upon basic and specialized medical facilities in the Fredericksburg area. They include Mary Washington Hospital that offers full medical services including emergency air transport. Fredericksburg also offers nine nursing homes and a 60 bed psychiatric facility. ELCS would allow more economical communications between **the** medical community and Colonial Beach exchange patients. Many Colonial Beach residents look to Fredericksburg for employment. Major employers include the Free Lance-Star Publishing, Insteel Wire Products, Wilson Brothers, Inc., Education Credit Services, Mary Washington College and **Mary** Washington Hospital. Basic retail services are available in Colonial Beach. Other retail and commercial shopping opportunities are available in Fredericksburg. Commercial bus and rail service (including Amtrak and Virginia Railway Express) are available to Colonial Beach customers from the Fredericksburg exchange. Colonial Beach is a well known resort town **offering** two miles of beaches, a fishing pier, boating facilities and camping. These recreational facilities are available to the area residents including Fredericksburg. **In summary**, Fredericksburg is a major commercial center that fills a wide variety of community of interest **needs** for Colonial Beach.

Chronology

On May 28, 1999, Bell Atlantic Corporation and GTE Corporation filed a Joint Petition before the Virginia State Corporation Commission ("SCC") for Approval of Agreement and Plan of Merger. In that petition, both companies agreed, upon consummation of their merger, to expand local calling areas to include contiguous exchanges both within **and** between their respective territories in the Commonwealth of Virginia. The SCC, in its "Order Approving Petition" dated November 29, 1999, in Case No. PUC990100, found this commitment to be appropriate and ordered Bell Atlantic - Virginia, Inc. and GTE South Incorporated to file their plan for expansion **of** their local calling areas. These plans were filed with the SCC on July 21, 2000, in a Joint Application to expand local calling (Case No. PUC000204). Both companies have been implementing expanded local calling in phases since that joint application was filed. On November 2, 2001 Verizon Virginia (W a Bell Atlantic - Virginia, Inc.) and Verizon South (W a GTE South Incorporated) filed an Application to implement expanded local calling between those adjacent exchanges that are in different LATA's. For those exchanges whose basic rates increase, the SCC ordered the companies to provide notice to customers via direct mail. Exchanges whose rates did not change did not receive a public notice. On May 3, 2002, the SCC issued an order approving ELCS for all interLATA routes in this application including the route between Colonial Beach and Fredericksburg.

(9) Community of Interest Statement

Courtland is a rural exchange located in Southampton County in south central Virginia in the Norfolk, Virginia LATA and serves approximately 1,800 customers. Stony Creek is also a rural exchange serving portions of Sussex, Dinwiddie and Prince George Counties. These exchanges are adjacent to one another in a very rural area. The primary community of interest would be among family and friends in the adjacent areas and common interest areas such as churches, community centers, etc. ELCS would eliminate toll calls along the adjacent exchange areas and meet personal community of interest needs.
